This winter, Japan's first in Wakayama! There are lots of light festivals coming!

**It's like Europe!
Illuminations**

Illuminations

It feels like a ship trip to Europe.
In addition, full of photo spot of "Instagram"!
Enjoy the world of one-sided illumination.
The original character will show you.

Christmas market

Opened a shop that you can enjoy "Aperitivo Time".
It is one of the fun European winter scenes that even just watching many Christmas goods shops line up.
※ "Aperitivo" - in Italy, it means to enjoy the time to drink, eat snacks and enjoy conversations with family, friends, lover before dinner around 17 - 21 o'clock.

**Delicious! Pleasant!
Christmas Market**

**You can ride attractions
in a fantastic amusement park!**

Amusement park of the Light

On the theme of "NOSTALGY BUT TECHNOLOGY" at the amusement park of light. Experience the amusement park of night which is completely different from usual such as "Shade Color Lighting" playing with light and Christmas merry-go-round. You can also see the illumination from the Ferris wheel.

In addition, various events are planned at the stage! As soon as the details are decided, upload to official HP!

**Well, I invite you all
to "Europe in winter"!**

※ Images are all images, they are different from the actual ones.

In the "JAPAN EXPO World Resort Expo" held in Marina City in 1994, 3 million visitors came and in the "Light Corridor Luminarie" which was held as a memorial event the following year, it was designed by Italian art director and traditional light art space of south Italy to experience for the first time in Japan was created. The illuminations used there became the Luminarie who began in Kobe as the light of "Desire of the Soul" later. And this winter, "Festa · Luce" comes to this place! The 360-degree panorama is truly enough to remember the illusion that you came to Italy or Spain, so that all the European space, Marina City full of attractions such as Ferris wheel and Merry-go-round, European time which can only be done here, please come by all means!

※ Festa in Italian = Festival, Luce = light.

The world's largest lighting manufacturer participates in the first light event production in Japan!!

■ MK Illumination Handels GmbH

International illumination manufacturer. Currently has bases in 30 countries and sells high quality illumination in more than 120 countries. It is a pioneer in the industry that deals festive lighting (impression imparting illumination) in sightseeing spots, hotels, amusement parks and commercial facilities in major cities such as Germany, Italy, Australia, Hungary, the Netherlands and Sweden.
